2017

PRINCIPAL'S MESSAGE

Dear Families,

Tomorrow concludes the 2016 school year and I thank everyone for the contribution they have made. Next year we will again develop the quality of our teaching to improve student learning. We will be Externally Reviewed from Catholic Education on October 10 and we look forward to the report providing us with more ideas on how to improve Galilee. I thank the many parents who have worked hard to organise a number of successful social and fundraising events. In 2017, we will be introducing: Chromebooks and one-to-one devices for students from Years 4-6, Number intervention (Years 1-4) and a psychologist will be present at Galilee one day a week for students who need referring. It has been a rewarding year for myself being a part of such a terrific school. For those leaving, I wish you every success. Have a Merry Christmas and a safe holiday.

Simon Millar-Principal at Galilee
