**PRINCIPAL’S LETTER TO FAMILIES**

Thursday 5th May, 2016

Dear Families,

I hope that all of our mums have a wonderful Mother’s Day this Sunday and that their children continue to show an appreciation of their mothers 365 days a year. It is true that it ‘Takes a village to raise a child’ and that many adult role models are required in the successful raising of a confident, healthy and inquisitive child. No one would argue with the critical role that a mother plays in a person’s life. We never stop learning from our mothers nor do we forget the messages that they have taught us, despite our age. Tomorrow we will be hosting a number of events for our mothers/female guardians including: morning tea, Mass, a luncheon followed by afternoon tea. The events have been advertised throughout the term’s newsletters and bulletins and we look forward to it being well supported tomorrow.

**NAPLAN 2016 Timetable**

What is NAPLAN? The National Assessment Program – Literacy and Numeracy (NAPLAN) is an annual national assessment for all students in Years 3, 5, 7 and 9. All students in these year levels are expected to participate in tests in Reading, Writing, Language Conventions (spelling, grammar and punctuation) and Numeracy. All government, and non-government education authorities have contributed to the development of NAPLAN materials. Why do students do NAPLAN tests? NAPLAN tests are one aspect of the school’s assessment and reporting process, however they do not replace the extensive, ongoing assessments made by teachers about each student’s performance. If you do not wish your child to participate in the testing please speak to their teacher.

I congratulate our students, staff and parents for the way they have approached the testing. We consider NAPLAN to be a useful tracking tool alongside the many other forms of assessment conducted weekly by teachers. Please read comments from the Geelong Advertiser below:

“But it is imperative that schools, students and parents do not see it as the be-all and end-all measurement of success. Education is made up of so many components and performance in one test will not decide the future of any of these young children and the testing will not be the final say of just how good a school is. Education is so much more than just answers on an exam paper” (Geelong Advertiser, May 12, 2015).

**Prep 2017 Interviews**

Mrs Price and myself have finished meeting with all of the non-sibling (in our Parish boundary) and sibling families. We are enrolling two classes of students into Prep for 2017. It has been a pleasure meeting all of the young children and their families; the development that occurs from now until the beginning of the next school year will be astonishing. The meeting is a valuable time to meet the children and to ask questions that will assist in the transition to school. Many children asked some fascinating questions. Letters of offer will be sent out shortly and to confirm a place for your child, all replies and deposits need to be paid by Friday May 20.

**Test** | **Date** | **Time**
---|---|---
Language Conventions | Tuesday May 10 | 9:10am
Writing | Tuesday May 10 | 11:30am
Reading | Wednesday May 11 | 9:10am
Numeracy | Thursday May 12 | 9:10am
Make-up test | Friday May 13 | 9:10am

Until further notice, Park St entrance will be closed from 8.50am until 3.25pm. Please use Bank St between these times.
Parent Surveys

Catholic Education Melbourne have requested our participation in the Enhancing Schools Catholic Identity (ESCI) survey. It occurs every four years, the year prior to an external review. Our Year 5/6 students will participate in the surveys as well as all staff and parents. Parents with students in Years 5/6 have been emailed the information previously. All parents have also received an invitation two weeks ago, via email to participate in the survey. It is not attached to this email as it includes log-in details, specific to Galilee. We would appreciate your completion of the survey but it does take 40-60 minutes. This information has been included in the newsletter previously.

Parents, Visitors and Volunteers Policy

In the last newsletter, I mentioned a new policy regarding parents, visitors and volunteers and the importance of everyone signing into the office. All visitors are required to sign into the office with the exceptions of: drop-off, pick-up and assemblies in the hall. Failure to do this may result in classroom lockdowns (as occurred earlier this week with a known visitor not signing in). From next week, anyone dropping their child off prior to 8am (GOSH) will need to call GOSH directly (buzz the front office from 8am). Thankyou to everyone for supporting these expectations, to keep our students safe at school.

Reporting

In the last newsletter, there was detailed information about the student/parent/teacher conferences on June 21st and 23rd with school finishing early on Tuesday June 21st at 1pm to allow for the evening conferences. I also mentioned that reports would be emailed home electronically on Thursday June 16th, prior to the interviews. Please refer to the last newsletter for more detailed information on the new format. Parents will have time in the conference to discuss school reports. Teachers spend significant time writing and preparing reports, as much as 100 hours in their own time. On some occasions previously, staff have been provided with time to write reports. This year we will be using a model seen at many other Catholic primary schools. A separate specialist timetable will be developed for week six, May 16-20. Students from Prep—Year Three will be having specialist classes on the one day and will need to wear their sport uniform on Tuesday May 17 with Years 4-6 on Thursday May 19. A specific timetable will be distributed prior to week 6. This will enable the students to participate in their usual specialist classes while providing a block of time for teachers to write reports.

I will be away on a Principal Conference from May 17-20 leaving Mrs Price in charge.

Kind Regards,

Simon Millar (Principal of Galilee Regional Catholic Primary School)
Celebrating Mother’s Day at Galilee

We look forward to seeing mothers who have RSVP’d to attend any of the following tomorrow:

**Morning Tea:** 8.15 - 9am (Prep children will perform their traditional Mother’s Day song at 9am)

**Afternoon Tea:** 3.15 - 3.45 (Prep children will perform their traditional Mother’s Day song at 3.15pm)

**Mother’s Day Lunch (optional)**

Giaia Mia on Montague Street (next to St Peter and Paul’s church) 12.30 - 2pm

*There will be no Mother’s Day Gift Stall. This year, the children will prepare a hand made gift.*

---

**UPCOMING SCHOOL EVENTS**

**TERM 2**

May 6 – Mother’s Day Morning Tea & Lunch
June 9 – Parent Night
June 17 (T.B.C) – Movie Night – P – Yr. 2/ Disco Night – Yrs. 3 – 6

**TERM 3**

T.B.C - Walkathon
August 27 – Trivia Night
September 1 – Father’s Day B.B.Q.
T.B.C - School Concert (September 1??)

**TERM 4**

November 10 – Art Show
T.B.C – Galilee Day Lunch
T.B.C – Christmas Carols
December 12 – Graduation Mass

---

**THANK YOU**

Thank you to everyone who made a contribution to the St Kilda Mums Mother’s Day gifts.

We had an overwhelming response and Chelsea and I felt honoured to deliver such considered, generous and high quality gifts with thoughtful messages.

We were able to deliver 72 gifts to mums in need and I know we made a difference to their mother’s day this year. Thank you again.

Trish
EDUCATION IN FAITH

Sacrament of First Eucharist
The preparation classes for the Sacrament of First Eucharist commenced at the parishes of OLMC and Ss. Peter and Paul's last Saturday. The classes will continue for another three Saturdays, leading up to the First Eucharist.

The Sacrament of First Eucharist will be held:
St Peter and Paul's, South Melbourne – Sunday 29th May, 10:00am
Our Lady of Mt. Carmel, Middle Park – Saturday 28th May, 6:00pm
All are welcome to come and support the children and their families who will be celebrating their First Eucharist.

Mother’s Day Whole School Mass
Our next whole school mass will be at Ss. Peter and Paul's Church on Friday 6th May, 9:30am, to celebrate Mother’s Day. The school mass will be prepared by the Year 6 students and teachers. We do ask that NO HOT DRINKS be taken into the church.

WHOLE SCHOOL MEDITATION – Every Friday Morning
At Galilee, we incorporate Prayerful Meditation as a regular practice at our school. The whole school participates in prayerful meditation every Friday morning between 8:55a.m. – 9:10a.m. We extend this opportunity to our whole school community. The hall will be set up for parents and those who drop off the students at school, to take a moment from their busy lives to stop and reflect.

IT IS IMPORTANT TO NOTE
- Please make an extra effort to ensure your children arrive at school on time. If for some reason your child is late they may be asked to wait at the front gate with a teacher or they will need to come directly to the office and wait in the foyer silently till the end of meditation.
- Parents who are not staying for meditation, we ask that after our brief morning assembly you leave the school grounds, so that the school is clear of noise and distractions in order to meditate.
- The office staff will be stopping during this time of meditation. If you need to speak to the office staff on Friday, we ask that you do this prior to the beginning of the school day or return to the office after meditation is completed.

The Sacrament of Baptism
Key signs and symbols of the Sacrament of Baptism
Water – is poured over the person’s head three times, water is the sign of new life and cleansing.
Oil of Chrism – perfumed oil used to anoint the person being baptised. At Baptism this anointing means that we are being strengthened and consecrated for our particular mission – the mission of Jesus Christ.
White garment – a sign that the baptised person has ‘put on Christ’ (Gal 3: 27). It is an outward sign of the newly-baptised person’s dignity.
Lighted candle – lit from the Easter candle, which represents Christ, the Light of the World. It is given to the baptised person as a reminder to keep the flame of faith always alive in his/her heart.
This term has been very busy already. I have met with a number of teachers assisting to plan their exciting units for the term. The students should be very excited. They are in great hands!

Term 2 units of Inquiry-Based Learning:

Prep: Materials - how they look, feel and how they work.

Year 1: Properties of material and how they are used to create buildings within the community.

Year 2: Materials - natural vs man-made.

Year 3: How have things have changed? - properties of materials including shape, forces and their purposes.

Year 4: How can I make things better? - the role of people in design and technologies occupations, and the factors which may impact the design of various products.

Year 5: How technology has changed over time.

In Year 6: What is Technology? Exploring famous inventions and inventors, as well as, looking at the design process for creating and/or improving a product.

I look forward to seeing the learning that takes place this term!

Year 6
This term the students of Year 6 have been hard at work exploring inventions.

They worked together to research historical dates about a specific invention. The information they discovered was very interesting and the students did a great job at presenting the information.

The timelines are on display outside the 6C classroom. If you have a free minute, go and take a look.

Can you help?
This term, our unit on Technology will see many classes creating, making and designing inventions. The Year 6 classes would love any recycled materials to assist with our unit. This may include and is not limited to: tissue boxes, milk cartons, ice-cream containers, etc. If you can assist, that would be greatly appreciated. Please ask your child’s classroom teacher if they would also like recyclable materials donated to their classrooms.
‘Parent Resources’

Our ‘Parent Resource’ section in the library is now open for viewing and borrowing. We have purchased many adult resource books and children’s storybooks to support you and your child/ren’s development & learning.

Browsing and borrowing times are:
FRIDAYS – 8.35 – 9.00am & 3.00 – 3.40pm

A big ‘thank you’ to Mr. Carlo Martello, for availing himself to be in the library at these times. Please take the time to familiarise yourselves with the books available, as they can provide you with additional information when the situation arises.

Reading appropriate stories can provide the opportunity to open up discussion with your children. Please feel free to contact me if you have any further enquires.

---

Early Days – My Child and Autism, Melbourne CBD Monday 11th July 2016

The Early Days Workshops are for parents and carers of young children (aged 0 - 6) who have a diagnosis of Autism Spectrum Disorder (ASD), or who are currently undergoing a diagnosis. Amaze (formerly Autism Victoria) facilitates these workshops in Victoria.

My Child and Autism Workshop covers:
- Understanding Autism Spectrum Disorder (ASD)
- What ASD looks like for your child and your family
- How you can make a difference
- Navigating and funding Early Intervention

Workshops are free for parents and carers. A light lunch is provided.

Registration
Contact Name: Tamara Varughese
Contact Phone: 1300307909
Contact Email: earlydays@amaze.org.au

Date: 11 July 09:30am until 03:00pm
Venue: The Multicultural Hub
506 Elizabeth Street
Melbourne

Organising Agency: Amaze

Messages from Leadership

Friendship Groups

We continue with our Friendship Groups tomorrow – Friday, 6th May and our activities will enhance the work the students have been learning about in class in how to problem solve both individually and cooperatively in a group.

Please take time to discuss with your children about the activity they bring home from their session.

The teachers had great fun making their Group’s poster and the students loved finding themselves and their friends in them.

Why not come into the foyer and spot your child/ren in their Friendship Group.

What a caring thoughtful community we have here at Galilee!

We had a wonderful response to Trish’s request to donate a toilet bag full of goodies to the St. Kilda Mums Mother’s Day collection.

Families donated 72 cosmetic bags full of female goodies and many surplus products, which were able to supplement other bags.

Thanks to Trish and Chelsea for organising the collection and for collecting your donations and delivering them to the St. Kilda Mums’ offices.

Many less fortunate mums will have a very pleasant surprise now on Mother’s Day.

Once again, I would like to thank you for the care and support you offer each and everyone of us.

This makes our Galilee community such a special one!

Julianne Price,
Deputy Principal,
Student Wellbeing/Student Services Leader
Email: jprice@gsmelbournesth.catholic.edu.au
Helping Your Child with Reading

Be confident that your child will learn to read. Show that you enjoy reading by having lots of different reading material at home and by giving books as special presents.

Children value reading through watching members of their family reading each day. Encourage your child to read anytime, anywhere.

Children often enjoy reading more if it is shared. Make time away from television and interruptions to read aloud with your child.

Read in your home language if your first language is not English.

Encourage your child to read by sharing such activities as:

- reading signs and posters
- following a street directory
- checking the television guide
- choosing a video
- using a recipe
- reading game rules
- reading the newspaper aloud together
- playing word games including crossword puzzles
- reading instructions
- looking at letterbox leaflets
- finding brands at the shops
- reading magazines, comics, poems and rhymes.

Listen to your child read aloud every day. Here are some ideas to use now and then, but remember some reading should just be for pleasure:

- look at the cover, title, pictures and talk about what the book might be about
- talk about the story so far and what might happen next
- after reading, talk about the story and ask questions
- talk about the pictures and how they add meaning to the text
- take turns when reading a harder book.

Remember the three Ps for new words: pause, prompt, praise.

- That is, allow your child time to work out the word (pause), use clues taken from the context (prompt) and praise your child for trying.
- If necessary, however, simply tell your child the word.

Article provided by Linda Florenca-Grillo (Literacy Leader)

Maths Fun for the Whole Family!

Ask adults about maths and they'll often say: "I was never very good at maths at school". So, how can we stop young children growing up today saying the same thing?

Let's begin with doings things with our children outside school that can help their understanding of mathematics. Most of these episodes won't even seem mathematical to the children, as maths is so deeply linked to our daily life.

Card, board and dice games develop number skills, logic and strategy. Games help develop mathematical understanding and are fun for the whole family. Cooking together also teaches children about weights and measures. If a recipe is for two and you want to make it for five, you need to think about ratios. Cooking also involves all sorts of non-standard units of measure such as teaspoons, tablespoons, millilitres, pints and cups. Having conversations as you cook enhances children's understanding of these units.

Travelling in the car can also bring possibilities for mathematical games such as counting cars of a certain age, colour or type that you pass. Children can learn about probability with this activity, as you may be more likely to spot silver cars than yellow.

At a young age, mathematics learning is about giving children confidence and a willingness to try. It is also about explaining mathematical ideas from an inventive perspective that encourage children to take part, think about maths differently and associate what they are learning with their everyday lives.

Here are some Number Games you can do with your children...

Car Number Plates

When your car pulls up behind the car in front, you might have a competition to see how many different answers children can make using the numbers from the car number plate.

For example, if the number plate is 152, the children might say:
1 x 5 + 2 is 7, or 1 + 5 + 2 is 8, or (1 + 5) x 2 is 12 and so on.

Another idea is to add the digits like this: 157 becomes 1 + 5 + 7 which is 13, then 1 + 3 = 4 and to see which number plate will give a special target number.

Guess the Pattern

One player thinks of a rule (such as double and add 1). Other players can suggest a number (such as 5) and the first player tells them the number which results from the pattern (11). The players can keep testing numbers until they can identify the rule.

Race to 10

This game has two players. Starting at 0 they take turns and can add either 1 or 2 to the last number said. The player who says 10 is the winner.

For example, suppose:

A says       B says
---         ---
1           3
4           6
7           8
10 So, A wins

Note that the game has a winning strategy. This game is flexible. You can play Race to 21 counting by numbers from 1 to 3, or race to 50 using 1 to 6, for example.

Fruit Salad

This is based on a party game, where each child is given a fruit. The chairs are arranged in a circle, with one less chair than people. The child in the centre, calls one fruit, then all children with that particular fruit must move to a different chair, and the child in the centre must also try to find a seat. The child who is left calls the next fruit. On the call of "fruit salad", all children must move seats.

For example, you might have number cards say 1 to 20, and call out "even numbers", "between 7 and 12", "is a factor of 36", "is prime", "is divisible by 5", etc.

NOTE: This can be done for shapes, time words, numbers, in fact anything based on classifications.

Have FUN with Maths!

Anastasia Romios
Mathematics Leader & Yr 6HR Teacher
The Galilee School Education Board remains very pleased that many of the opportunities raised in last year's parent forum are being addressed. In particular, Simon has worked proactively with the Port Phillip Council on a solution to the Montague St Crossing and we look forward to its resolution later in the year.

The Board has also been preparing evidence to support the School’s efforts in expanding the Secondary School choices for our students with additional Catholic options beyond the current pathways. And we have been assisting the School with the drafting of a new Parents/Carers/Visitors & Volunteers Policy; that we fully support the implementation of.

In addition, we will also be assisting in the development of other policies and an updated Parent Handbook.

We will continue to keep you informed of the work that we do to support the School and wish all the Mum's within our Community, a wonderful Mother’s Day on Sunday. You all deserve it.

Warm Regards,

Donna McMaster
Chair/ Galilee School Education Board

Happy Mother’s Day!
The Year One children have been learning about procedures. Last week we created procedures to make delicious fairy bread. They were yummy!
Galilee Classroom Reports

SPORT REPORT
Today our Year 3-6 students participated in Cross Country in Port Melbourne. The top 10-placed children will participate in the Dendy Cross-Country on Friday May 20. Permission will be sent home via Care Monkey soon.

Congratulations to the following children:

Congratulations to Galilee Green finishing on 93 points followed by Majestic Maroon on 92, Ice White with 76 and Navy Blue on 69 points!

A special thanks to Paul Mapley for arriving early to help set up the track and to the Port Colts Football Club for opening their rooms and allowing us to use some of their equipment. From Mr Tobin

---

Star Wars Day Speech by Jordan Archer

Hello everyone today is May the 4th and that is also known as Star Wars Day because it sounds a lot like the Jedi good luck saying- “May the force be with you”.

The first Star Wars Movie was made in 1977. There have been 8 movies made so far and 2 more movies are going to be made.

Star Wars fans all over the world celebrate Star Wars Day in their own ways. Many of them get dressed up and have Stars Wars parties.

Here’s some ideas for you to celebrate Star Wars Day when you get home:
- You could ask your parents if you could watch a Star Wars movie
- You could get dressed up and have a light sabre war with your brothers and sisters
- You could drink blue milk like they do in Luke Skywalker’s home in one of the movies.

May the forth be with you!

---

Imagine your son going to a school where he is known, supported and inspired

Simonds Catholic College is a secondary Catholic school for boys. We operate across two inner city campuses in West Melbourne and Fitzroy North. With approximately 500 students, our size allows us to limit the number of students in each classroom, whilst still being able to offer a broad curriculum. Supported by modern technology, our junior students have an opportunity to explore their interests across academic, cultural, religious, sporting and technological dimensions, while VCE, VCAL and VET pathways are available to our senior students. At Simonds Catholic College we realise that each student is unique and their different needs and talents are nurtured through both support and extension programs. The combination of these factors means that our students are provided with an exceptional learning environment where each student is known, supported and inspired.

St Mary’s Campus
The West Melbourne campus caters for Years 7 to 10 and is built around St Mary Star of the Sea Church. The main entrance/office is located at the corner of Victoria Street and Cheshunt Street.
Address: 273 Victoria St, West Melbourne
Telephone: 9321 9200
Fax: 9321 9299

Years 11 and 12 students are based at our St Brigid’s Campus, located at 20 York Street, Fitzroy North.

SCHOOL TOURS
We invite you to visit our College on one of our weekly School Tours. Tours commence at 9.15am, allowing prospective parents and students to view the school in operation. Conducted by our Principal, tours are an excellent opportunity to discuss the College and ask any questions you may have. School tour dates during Semester One are:

Term One
- Tuesday, 9th February
- Wednesday, 17th February
- Monday, 22nd February
- Friday, 26th February
- Wednesday, 2nd March
- Monday, 7th March
- Friday, 18th March
- Tuesday, 22nd March

Enrolments for 2017 Close 24 March 2016

Term Two
- Wednesday, 13th April
- Tuesday, 19th April
- Wednesday, 26th April
- Monday, 2nd May
- Tuesday, 16th May
- Monday, 23rd May
- Friday, 3rd June
- Wednesday, 8th June
- Tuesday, 14th June
- Monday, 21st June
- Friday, 25th June

Bookings are essential, please register your interest online at www.trybooking.com/JORC or contact our Registrar on 03 9321 9206 or email enquiries@scmcb.com.au
