To all in our community,

It is my pleasure to welcome all students, families and staff back for Term Four. Not only was it great to see the many smiling faces of our students and parents return to school on Tuesday, but it was enthralling to hear the vibrant chatter by so many, of holiday experiences and family events of the past two weeks. Especially excited were our several Bulldog Supporters – what a great achievement we witnessed on the weekend, which is a testament to the old adage, 'If you believe, you can achieve!'

“The will to win, the desire to succeed, the urge to reach your full potential...these are the keys that will unlock the door to personal excellence.”
CONFUCIUS

Last night, Wednesday 5th of October, Galilee held a Cyber Safety Information Night in the Bob Maguire Hall. This was facilitated by Centorrino Technologies, the school's IT partners and focussed on cyber safety and online behaviour. We thank the families (parents and students) who attended.

Many blessings,
Linda Florenca-Grillo

This year Family Life Victoria will be running a Sexuality Education Family Program for Year 3-6 students and their parents. It provides a platform for parents to start the conversation about human development in a safe, supportive and non-threatening setting with their children. By beginning these conversations with your child, it will ensure that next year when the school program is implemented, your child will approach these classes maturely and feel positive and comfortable when speaking to you about their own personal development. The cost of the Sexuality Education Family Program is to be covered by families as it is an extra curriculum event. Please follow the link to secure your booking: www.trybooking.com/LZBW
This program will not take place again until Term 4 2018.
It is highly encouraged that Years 3-6 families attend in order to develop a positive, honest and comfortable dialogue about Sexuality and Human Development in your home environment.
