

SCHEDULE OF FEES 2022

ABOUT OUR SCHOOL FEES

Catholic schools receive less funding than Government Schools and our school fees are charged to families to make up this deficit in funding.

School fees at Galilee are made up of two components namely, the Family Fee and Student Levies.

ANNUAL SCHOOL FEES DUE DATE

Annual payment of school fees is due and payable by 25th March.

The School offers several fee payment options as set out below.

Family Fee

The Family Fee is charged per family whereas the Student Levies are billed per child.

These Fees and Levies vary for each year level and are set out in the table below.

Student Levies

Levies are charged for various activities undertaken during the school year.

These Levies are per child, not per family.

Levies are spent directly on the children's needs for curriculum such as: texts, art materials, photocopying, excursions, diaries, camp and swimming.

As children in each level participate in different programs the levies may vary for different year levels.

The Levies are set out and itemised below for each year level.

Year 6 Camp

All Year 6 Families will need to have paid a minimum of \$800 towards their 2022 school fees by 23rd February in order for their child to attend Canberra Camp.

Please note, in **2022 all fee payers must inform the office of their payment option** by Friday 10th December via this link
