

A New Learning Environment
& Community Asset for South
Melbourne Families.

GALILEE
REGIONAL CATHOLIC
PRIMARY SCHOOL

“This building project that will cater for the diverse and inquisitive learning needs of our students whilst making a lasting contribution to our local community for the years ahead.”

— *Simon Millar, Principal*

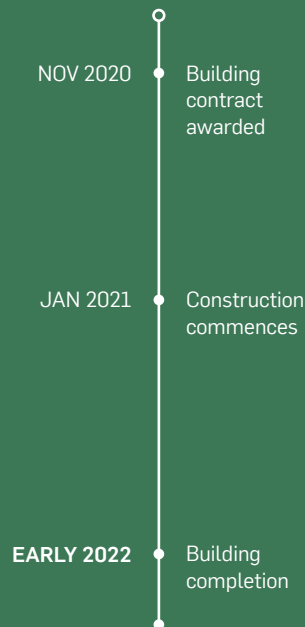

Plans and funding for our new Sports Stadium and Learning Building have now been approved and work is set to commence.

The building design prioritises connectivity and inclusivity to capture the imagination of every child and shape positive learning and social experiences.

Over three levels the building will accommodate a range of indoor/outdoor learning environments with performing and creative arts, 'maker' space, roof-top terrace play space, and a sports stadium with a competition size basketball court.

We envisage the building as a place that children will love to play and learn in, but also as an amenity for the wider community to enjoy.
